

IMOGEN

- CMIP6 patterns are now available
- IMOGEN can now have variable resolution

Anyone wanting to use IMOGEN please get in touch with Eleanor Burke (Eleanor.burke@metoffice.gov.uk)

JULES soil biogeochemistry

- Main work revolves around peat modelling in JULES:
 - tropical/temperate/high latitudes peat sites
 - Global peat simulations
 - Peat fires

Anyone wanting to find out more about peat modelling please get in touch with Eleanor Burke who will help you connect with the most appropriate person (eleanor.burke@metoffice.gov.uk)
